Good Afternoon All,

I have attached the treated seed petition briefing slides for your review. We have added two slides (19 and 20) that include discussion about our recommendations and the thoughts on the ANPRM. If you get a chance please review these two slides tomorrow so we can make any changes to them prior to our meeting with Elissa and Tim on Thursday. There is more information in the talking points of the slides as well including our thoughts on the rationale and the potential ramifications. If you have any questions about the additions please let me know.

Thank you,  
Quinn
